WORK EXPERIENCE

Website Designer, The Guitar Language Series

May 2015-Present/ Lake Forest, Illinois

Designed the www.tomlachance.com webpage for easy usage by the guitar learning community. The goal is to make guitar learning as easy as possible. Full guitar language immersion.

Video Editor and Talent, The Guitar Language Series

May 2015-Present/ Lake Forest, Illinois

Used Final Cut Pro to edit and deliver high quality video content for users. Made strong use of split-screen transformations as well as filters to enhance production quality. Integrated still frames images with audio and video to create the end product.

Video Editor, The City of Lake Forest (Workforce Development Program)

March 2009-September 2009/ Lake Forest, Illinois

Streamlined the American Red Cross CPR videos to coordinate with the group class that the city conducts to annually certify staff members.

Designed brochures and flyers for The City of Lake Forest's sailing program.

Managed a weekly event in the City's Market Square.

Aon Hewitt, Benefits Advisor

August 2011-March 2013

Served as the liason for software engineers tasked with fixing the internal CRM and Scriptor software. We walked through ordinary sales calls and discussed the changes and evolution needed to create a better experience.
